We may use clear GIFs (a.k.a. web beacons, web bugs, or pixel tags) to, among other things, track the activities of visitors to the Regeneron Sites, help us manage content, and compile statistics about Regeneron Site usage. A clear GIF can collect information such as: the IP address of the computer that downloaded the page on which the tag appears; the URL of the page on which the pixel tag appears; the time the page containing the pixel tag was viewed; the browser type and language; the device type; geographic location; or the identification number of any cookie on the computer previously placed by that server. We and our third-party business partners may also use clear GIFs in HTML emails to our customers, to help us track email response rates, identify when our emails are viewed, and track whether our emails are forwarded.
- **Session replay technologies.** We may use session replay technologies to monitor and record your interactions with certain Regeneron Sites for purposes described in this Privacy Notice, including to diagnose errors and to otherwise improve the Regeneron Sites and Services.

- **Analytics.** We may use third-party analytics tools, such as Google Analytics, to analyze your use of the Regeneron Sites in order to improve our products and services. The information collected by Google in connection with your use of the Regeneron Sites (including your IP address) will be transmitted to a server of Google in the United States, where it will be stored and analyzed. You can find out [how Google Analytics uses data](#) and [how to opt out of Google Analytics](#).
- **Interest-based advertising.** In certain instances, we may set tracking tools (for example, cookies or clear GIFs) provided by third-party advertising partners to collect information regarding your activities on the Regeneron Sites (for example, your IP address, page(s) visited, time of day) for advertising purposes. We may also share such information with third-party advertising partners. These advertising partners may use this information (and similar information collected from other websites) for purposes of delivering targeted advertisements to you when you visit unaffiliated websites within their networks. This practice is commonly referred to as “interest-based advertising” or “online behavioral advertising.” You may be able to opt-out of interest based advertising from third party advertising partners that participate in certain industry groups by visiting: [Digital Advertising Alliance \(US\)](#), [European Interactive Digital Advertising Alliance](#), or [AdChoices \(Canada\)](#).
