

Regeneron.com Cookie Policy

1. What is a cookie?

Cookies are small text files that are stored on the browser of your computer. They store certain information (e.g., site settings) which your browser may (depending on the lifespan of the cookie) retransmit to us upon your next visit to our Website.

Most browsers automatically accept cookies by default, but you can adjust the preferences in the browser of your computer or device to warn you each time a cookie is being sent, or to block some or all cookies. While you may still use the Regeneron Sites if you reject cookies, your ability to use some areas of the Regeneron Sites may be limited.

A cookie can temporarily store anonymous information about the use and users of a website. Some cookies are necessary, others allow customization and optimization of the content displayed, the collection of user preferences or the monitoring of the audience, website errors and the securing of access.

2. What cookies do we use?

Categories of cookies and tracking technologies that Regeneron may use:

Strictly Necessary Cookies: Strictly Necessary cookies let you move around the website and are necessary for the website to function properly.

| COOKIE NAME | COOKIE DESCRIPTION | COOKIE EXPIRY TERM (days) |
|-----------------------|--|---------------------------|
| OptanonConsent | This cookie is set by the cookie compliance solution from OneTrust. It stores information about the categories of cookies the site uses and whether visitors have given or withdrawn consent for the use of each category. This enables site owners to prevent cookies in each category from being set in the user's browser, when consent is not given. The cookie has a normal lifespan of one year, so that returning visitors to the site will have their preferences remembered. It contains no information that can identify the site visitor. | 364 |
| OptanonAlertBoxClosed | This cookie is set by websites using certain versions of the cookie law compliance solution from OneTrust. It is set after visitors have seen a cookie information notice and, in some cases, only when they actively close the notice down. It enables the website not to show the message more than once to a user. The cookie has a one-year lifespan and contains no personal information. | 364 |

Functional cookies on this Website are:

| COOKIE NAME | COOKIE DESCRIPTION | COOKIE EXPIRY TERM (days) |
|-------------|---|---------------------------|
| vuid | This domain is owned by Vimeo. The main business activity is: Video Hosting/Sharing | 729 |
| __cf_bm | This is a CloudFoundry cookie | 0 |

Advertising Cookies: Advertising cookies are used to provide you with more relevant advertising.

| COOKIE NAME | COOKIE DESCRIPTION | COOKIE EXPIRY TERM (days) |
|----------------------|--|---------------------------|
| __gat_UA-XXXXXX-X | Google Analytics Cookies | 0 |
| _fbp | Used by Facebook to deliver a series of advertisement products such as real time bidding from third party advertisers | 89 |
| ln_or | This is a LinkedIn cookie used to determine if Oribi analytics can be carried out on a specific domain | 0 |
| personalization_id | This domain is owned by Twitter. The main business activity is: Social Networking Services. Where twitter acts as a third-party host, it collects data through a range of plug-ins and integrations, that is primarily used for tracking and targeting. | 729 |
| guest_id_marketing | This domain is owned by Twitter. The main business activity is: Social Networking Services. Where twitter acts as a third-party host, it collects data through a range of plug-ins and integrations, that is primarily used for tracking and targeting. | 729 |
| li_gc | This domain is owned by LinkedIn, the business networking platform. It typically acts as a third-party host where website owners have placed one of its content sharing buttons in their pages, although its content and services can be embedded in other ways. Although such buttons add functionality to the website they are on, cookies are set regardless of whether the visitor has an active LinkedIn profile or agreed to their terms and conditions. For this reason, it is classified as a primarily tracking/targeting domain. | 727 |
| AnalyticsSyncHistory | This domain is owned by LinkedIn, the business networking platform. It typically acts as a third-party host where website owners have placed one of its content sharing buttons in their pages, although its content and services can be embedded in other ways. Although such buttons add functionality to the website they are on, cookies are set regardless of whether the visitor has an active LinkedIn profile or agreed to their terms and conditions. For this reason, it is classified as a primarily tracking/targeting domain. | 29 |

| muc_ads | This domain is owned by Twitter. The main business activity is: Social Networking Services. Where twitter acts as a third-party host, it collects data through a range of plug-ins and integrations, that is primarily used for tracking and targeting. | 729 |

Analytics Cookies: Analytics cookies are cookies that track how users navigate and interact with a website. The information collected is used to help us improve the website.

| COOKIE NAME | COOKIE DESCRIPTION | COOKIE EXPIRY TERM (days) |
|-----------------------|---|---------------------------|
| _gid | This cookie name is associated with Google Universal Analytics. This appears to be a new cookie and as of Spring 2017 no information is available from Google. It appears to store and update a unique value for each page visited. | 0 |
| _hjSessionUser_XXXXXX | Hotjar cookie that is set when a user first lands on a page with the Hotjar script. It is used to persist the Hotjar User ID, unique to that site on the browser. This ensures that behavior in subsequent | 364 |

| | | |
|--------------------------------|---|-----|
| | visits to the same site will be attributed to the same user ID. | |
| _hjAbsoluteSessionInProgress | This cookie is used by HotJar to detect the first pageview session of a user. This is a True/False flag set by the cookie. | 0 |
| _hjSession_xxxxxx | A cookie that holds the current session data. This ensures that subsequent requests within the session window will be attributed to the same Hotjar session. | 0 |
| _hjIncludedInSessionSample_xxx | Set to determine if a user is included in the data sampling defined by your site's daily session limit. | 0 |
| _ga | This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the sites analytics reports. By default, it is set to expire after 2 years, although this is customizable by website owners. | 729 |
| _ga_XXXXXXXXXX | This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the sites analytics reports. By default, it is set to expire after 2 years, although this is customizable by website owners. | 729 |
| _gclxxxx | Google conversion tracking cookie | 89 |
| _hjTLDDTest | When the Hotjar script executes we try to determine the most generic cookie path we should use, instead of the page hostname. This is done so that cookies can be shared across subdomains (where applicable). To determine this, we try to store the _hjTLDDTest cookie for different URL substring alternatives until it fails. After this check, the cookie is removed. | 0 |
| _hjFirstSeen | Identifies a new user's first session on a website, indicating whether Hotjar's seeing this user for the first time. | 0 |
| JSESSIONID | This domain is controlled by New Relic, which provides a platform for monitoring the performance of web and mobile applications. | 0 |
| country | | 364 |
| WOE | | 365 |

3. How to control cookies

You can block the use of cookies or remove cookies that are already installed on your browser. We draw your attention to the fact that disabling cookies may prevent you from accessing certain features on our website and other websites. To find out more about cookies, including how to control and/or delete cookies, visit www.aboutcookies.org or www.allaboutcookies.org.

You can also manage many cookies used for online advertising via the consumer choice tools created under self-regulation programs in many countries, such as the US-based [YourAdChoices](#), the Canada-based [AdChoices](#) or the EU-based [Your Online Choices](#). You can change your cookie preferences at any time by clicking “Privacy Preference Center”. You can then adjust the available sliders to ‘On’ or ‘Off’, then clicking ‘Save and close’. You may need to refresh your page for your settings to take effect.
