

Disclosures on Transfers of Value to Members of the Healthcare Community

Program Overview:

Our partnership and collaboration with members of the healthcare community are integral to our goal of transforming lives through science. We fully support efforts to increase transparency around interactions with members of the healthcare community globally. We comply with all applicable requirements to disclose transfers of values made to members of the healthcare community, including disclosures required under the Open Payments Program in the United States, various U.S. Laws, as well as applicable laws and regulations that are in place globally.

Disclosure related to Greece:

In accordance with article 66 par. 7a of the Law 4316/2014, as in effect, and considering the Greek Data Protection Authority Opinion 5/2016 and 2/2017, Regeneron Pharmaceuticals, Inc. provides annual disclosure of transfers of value provided to Healthcare Professionals (HCPs) and Healthcare Organizations (HCOs) in the aggregated format. Total amount provided to Greek HCPs and HCOs for January 1, 2020 through December 31, 2020 was EUR 281,535.78.
